OUR STORY

PROPER NORTHERN ROOTS. PROPER GOOD SNAP.

We started Northern Burger with one goal — to serve proper Northern grub.

We're a unique smash burger caterer based in Sheffield, all about serving up quality street food *with a Northern twist*.

(Yes — we're obsessed with Henderson's Relish, and it shows! 😊)

What started as a little local pop-up in our own bar and bistro soon grew into a bit of a thing — people loved it, told their mates, and now we've been bringing our reyt good snap to weddings, birthdays, and big parties across the North for over three years.

We believe in keeping things simple:
fresh ingredients, cooked on site, served hot with a smile
(and a daft joke or two).

We can accommodate special requests, have a professional, friendly team, and always go above and beyond to make every event a cracking experience.

If you want food your guests will talk about the next day — this is it.
